DOWNLOAD

Is there a place I can download previous versions? We will use the built-in Safari browser on your Mac to download and install Opera.. I really liked the version of Opera I was using on my phone until I updated it a few months ago (unfortunately I don't know what version it was), but the newer version is unusable for me.

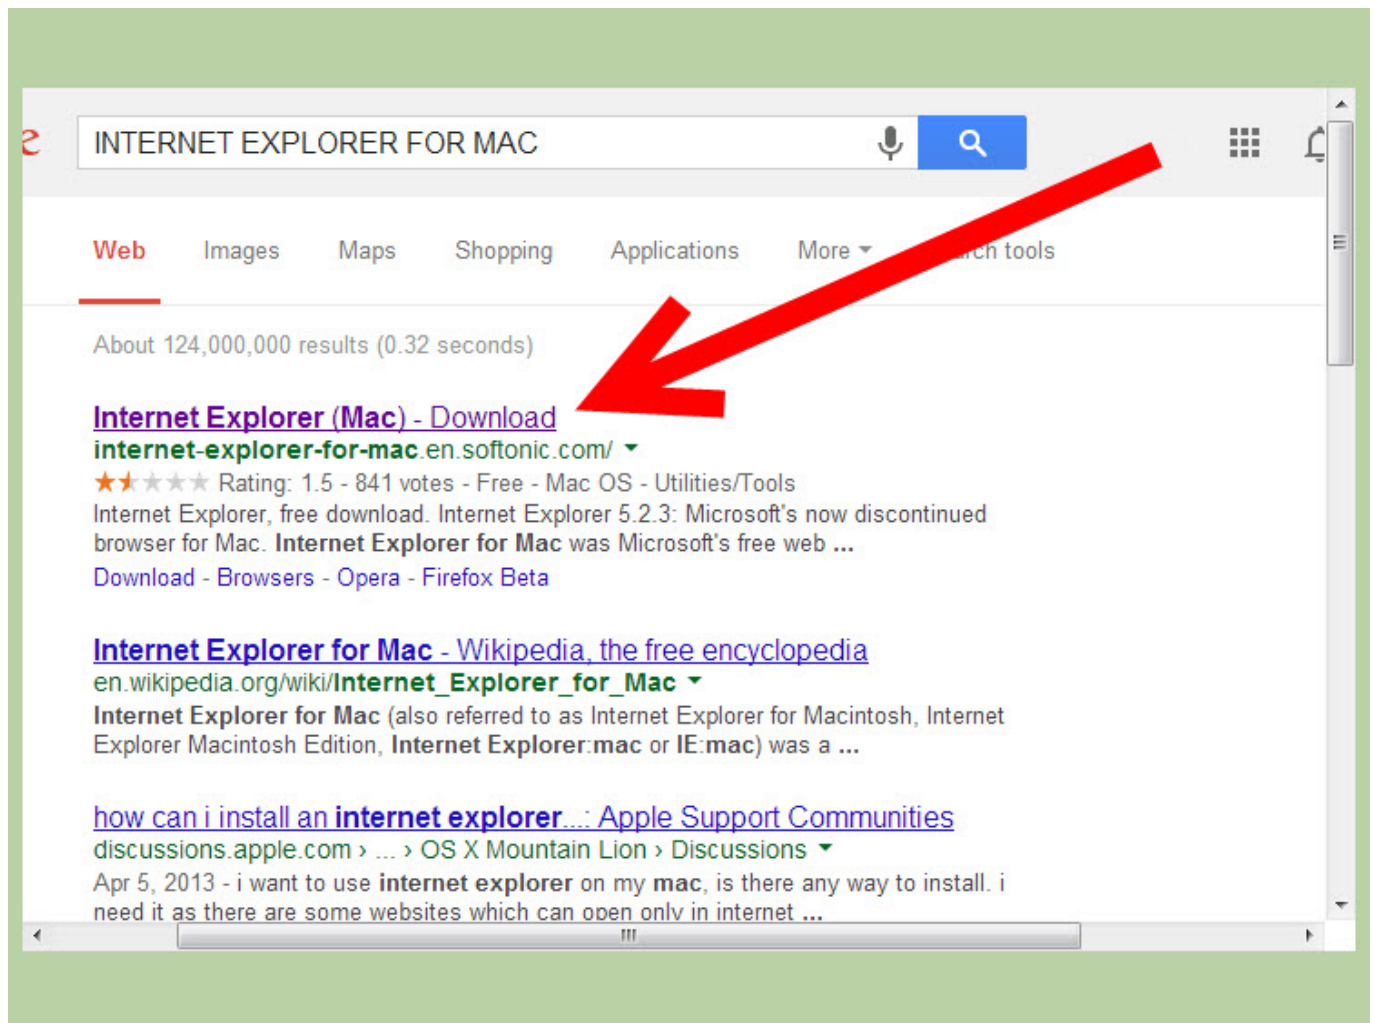

1. [opera](#)
2. [operation talon](#)
3. [operation christmas drop](#)

Open Safari from your Dock In the address bar at the top, type then press return.. Click on Download Now Click Downloads, then select Opera Installer Click on Open.. Click on Install
